AMENDMENT TO THE CLAIMS

Please amend the claims as follows:

1-22. cancelled

23. (currently amended) The method of claim 28 wherein the compound is represented by the following structural formula and physiologically acceptable salts thereof

Application No. 09/328,742
Amendment Dated: January 24, 2008
Reply to Notice of: January 16, 2008

24. (currently amended) The method of claim 28 wherein the compound is represented by the following structural formula and physiologically acceptable salts thereof:

Application No. 09/328,742
Amendment Dated: January 24, 2008
Reply to Notice of: January 16, 2008

25. (previously presented) The method of claim 28 wherein the compound is represented by the following structural formula and physiologically acceptable salts thereof:

26. cancelled

27. (previously presented) A method of inhibiting transport of anandamide in an individual or animal comprising administering to the individual or animal a pharmacological preparation comprising a therapeutically effective amount of a compound represented by the following structural formula and physiologically acceptable salts thereof:

Application No. 09/328,742
Amendment Dated: January 24, 2008
Reply to Notice of: January 16, 2008

28. (currently amended) A method of inhibiting transport of anandamide in an individual or animal comprising administering to the individual or animal a therapeutically effective amount of a pharmaceutical preparation comprising a compound represented by the following structural formula and physiologically acceptable salts thereof

Application No. 09/328,742
Amendment Dated: January 24, 2008
Reply to Notice of: January 16, 2008

29. (currently amended) The method of claim 24 wherein the compound is in ~~isolated and substantially~~ purified form.

30. (currently amended) The method of claim 24 wherein the pharmacological preparation further comprises at least one member selected from an excipient, a vehicle, an adjuvant, a flavoring, a colorant, or a preservative and the compound is in ~~isolated and substantially~~ purified form.

31. (currently amended) The method of claim 27 wherein the compound is in ~~isolated and substantially~~ purified form.

32. (currently amended) The method of claim 27 wherein the pharmacological preparation further comprises at least one member selected from an excipient, a vehicle, an adjuvant, a flavoring, a colorant, or a preservative and the compound is in ~~isolated and substantially~~ purified form.

33. (currently amended) The method of claim 28 wherein the compound is in ~~isolated and substantially~~ purified form.

34. (currently amended) The method of claim 28 wherein the pharmacological preparation further comprises at least one member selected from an excipient, a vehicle, an adjuvant, a flavoring, a colorant, or a preservative and the compound is in ~~isolated and substantially~~ purified form.
